ABOUT LUXSMART

Where technology meets thoughtful design.

LUXSMART AUTOMATION

LuxSmart is a Dubai-based technology integration company delivering premium home automation, intelligent lighting, private cinema, multi-room entertainment, networking and security solutions.

From concept and system design to programming, commissioning and long-term support, LuxSmart delivers complete turnkey solutions using world-leading automation and audiovisual technologies.

Dubai & UAE

Villas, penthouses, yachts, estates and apartments

50+ Brands

Global premium systems integrated

Solutions

Automation, cinema, lighting, AV, marine and security

Full Lifecycle

Design, install, program, aftercare

OUR DIFFERENCE

Why Choose LuxSmart

01 **LUXURY-GRADE ENGINEERING**

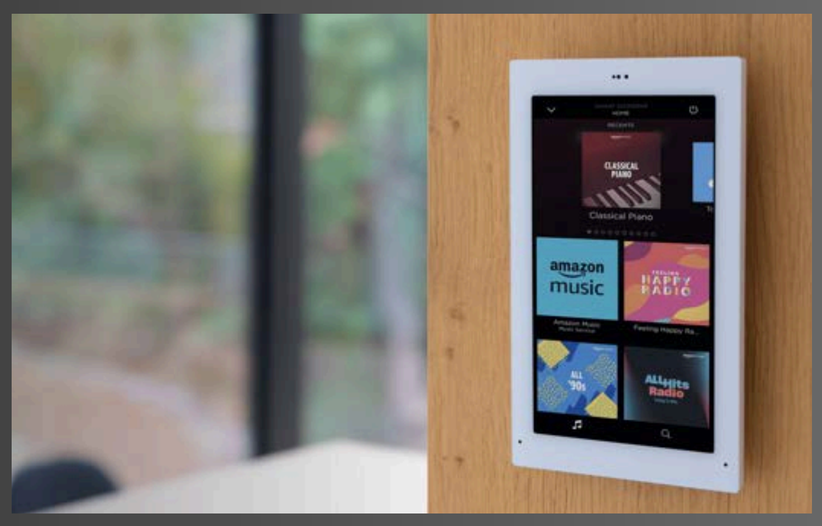

Clean wiring, structured panels and stable automation architecture designed for long-term performance — not quick handover.

02 **SEAMLESS SYSTEM INTEGRATION**

Lighting, HVAC, shading, audio-video and control unified into one effortless experience across every room.

03 **DESIGNED AROUND REAL LIFESTYLES**

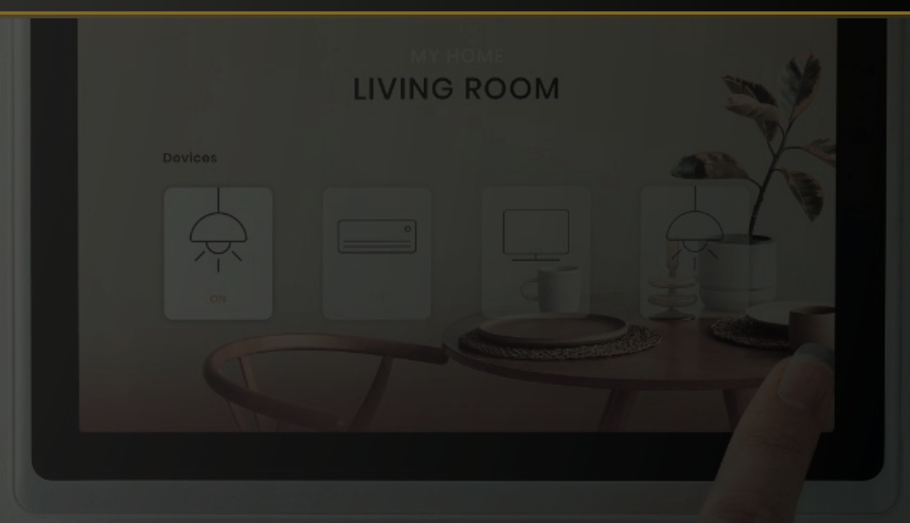

Every system is shaped by real living patterns, architectural layouts and comfort expectations — never generic automation templates.

04 **DETAIL-FOCUSED INSTALLATION**

From keypad alignment and panel labelling to fine calibration and finishing, every detail is executed to a refined professional standard.

05 **LONG-TERM AFTERCARE & SUPPORT**

System optimisation, upgrades, maintenance and takeover support ensuring performance long after the project closes.

OUR EXPERTISE

One partner
Connected possibilities.

End-to-end technology solutions for refined homes and premium environments.

HOME AUTOMATION

Unified control of lighting, climate, shading and entertainment.

PRIVATE HOME CINEMA

Projection, surround sound, acoustics and intuitive control.

LIGHTING CONTROL

Intelligent lighting with scenes, scheduling, sensors and energy management.

NETWORK & SECURITY

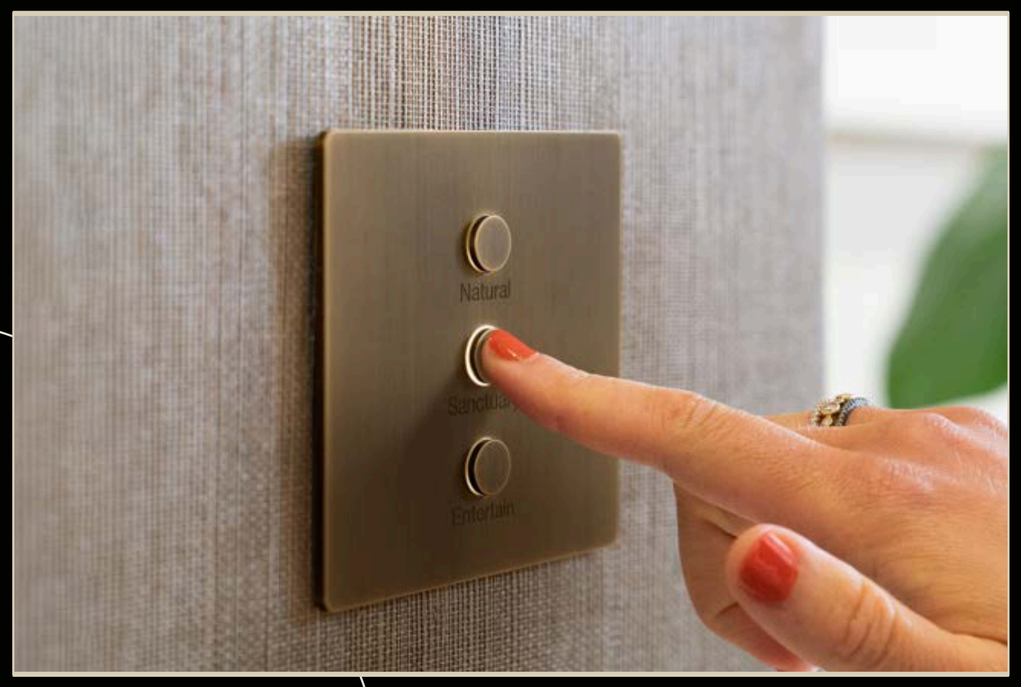

High-performance Wi-Fi, secure networking and CCTV.

MULTI-ROOM AUDIO & VIDEO

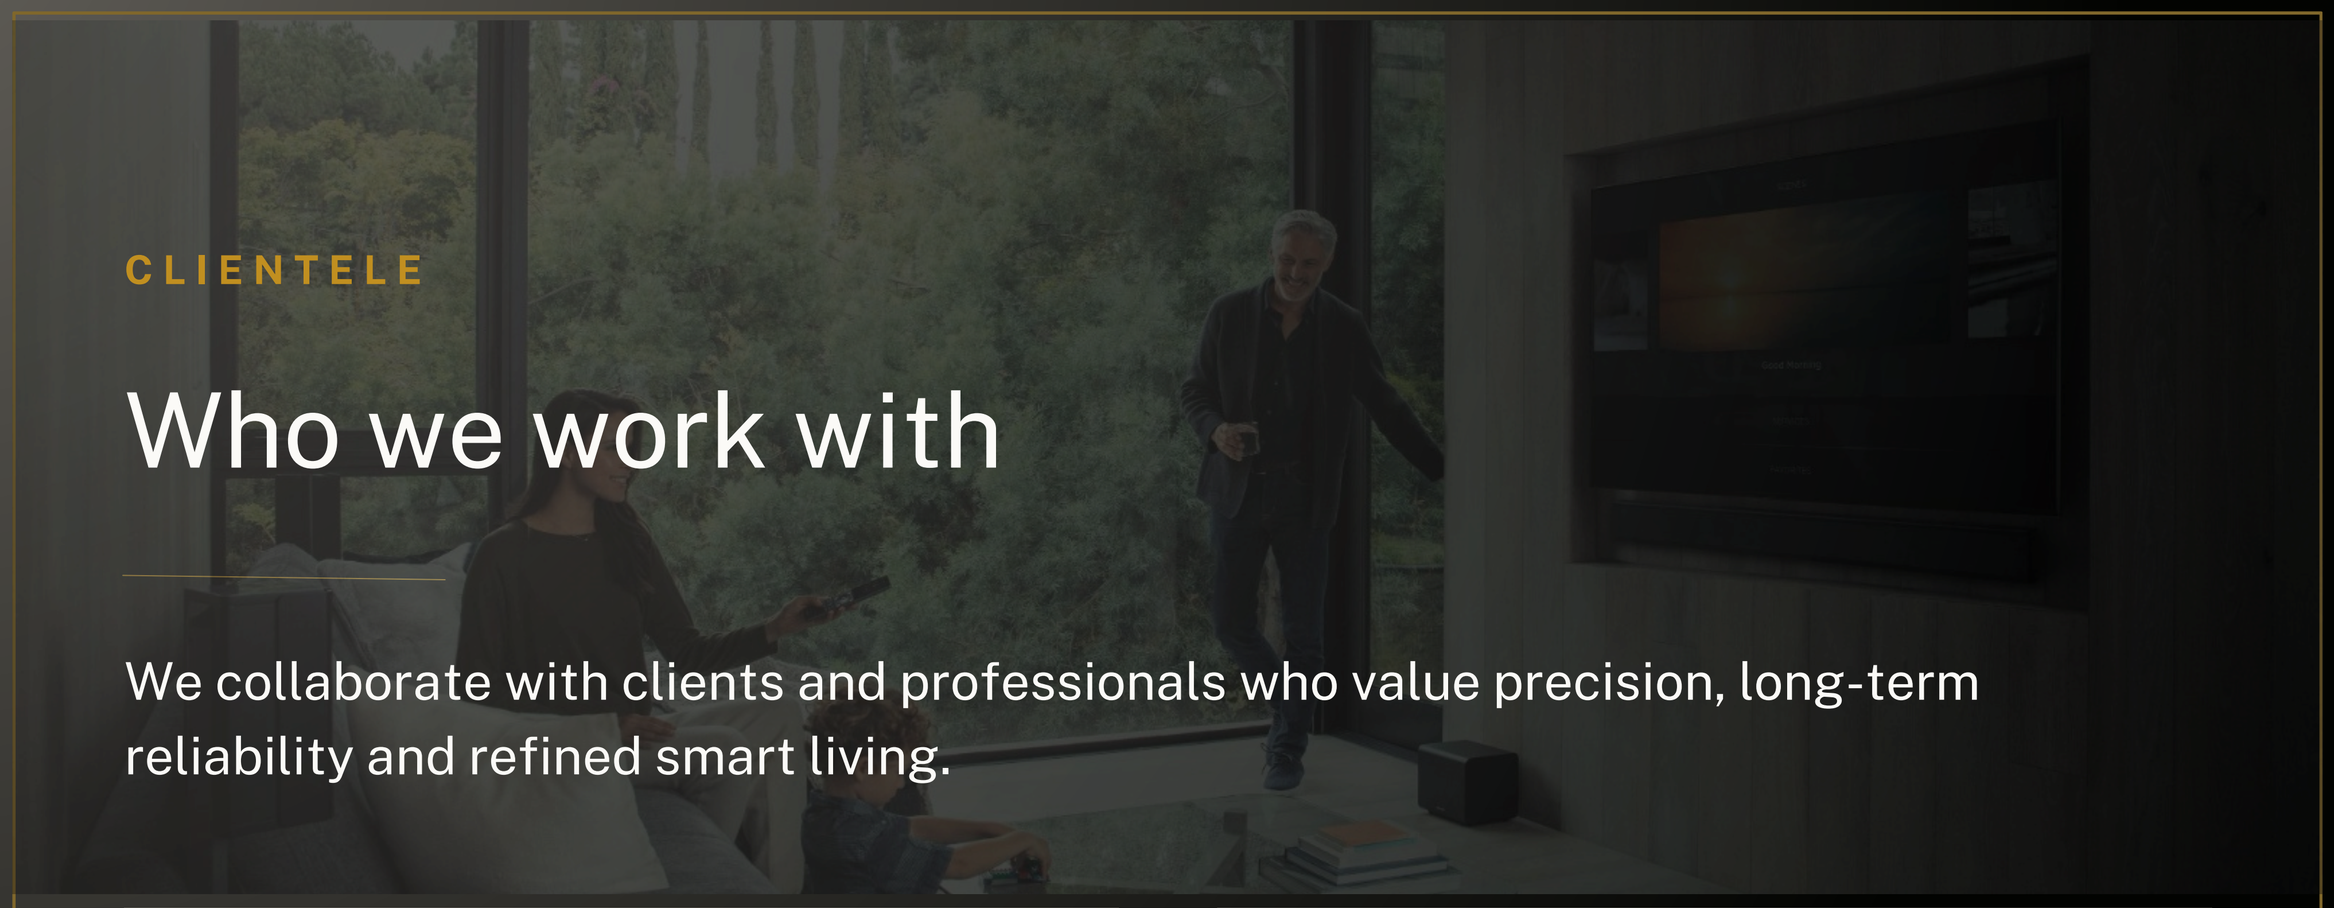

Music and entertainment across indoor and outdoor spaces.

MARINE AUTOMATION

Luxury marine automation with intelligent control of lighting and entertainment.

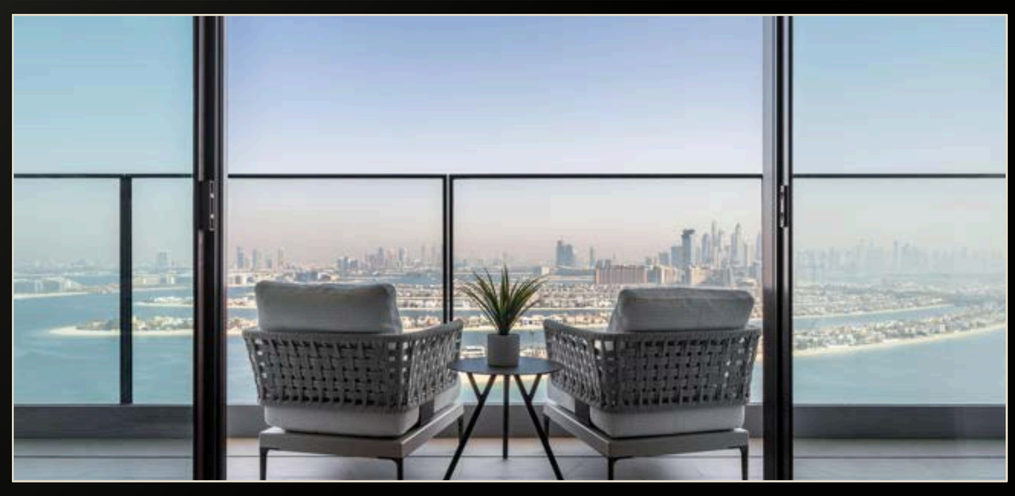

CLIENTELE

Who we work with

We collaborate with clients and professionals who value precision, long-term reliability and refined smart living.

PRIVATE HOMEOWNERS

Owners seeking reliable, elegant and future-ready smart homes.

INTERIOR DESIGNERS & ARCHITECTS

Design professionals who demand technical accuracy and minimal visual impact.

LUXURY VILLAS & RESIDENTS

High-end properties needing seamless automation and premium execution.

YACHT & MARINE PROJECTS

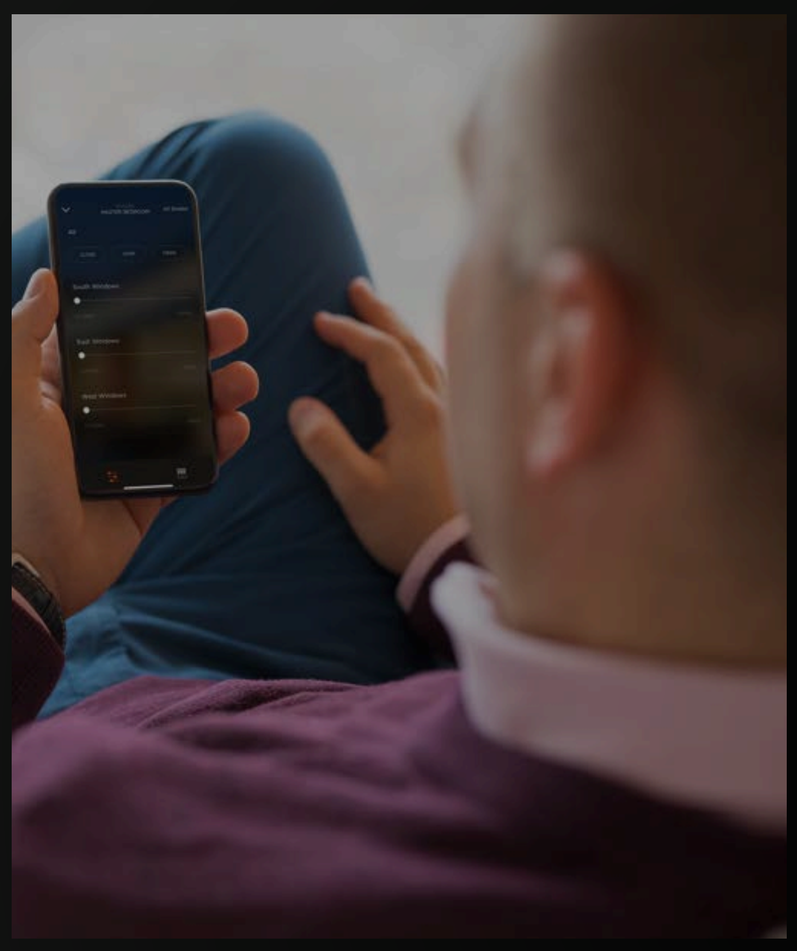

Specialised environments demanding flawless control systems.

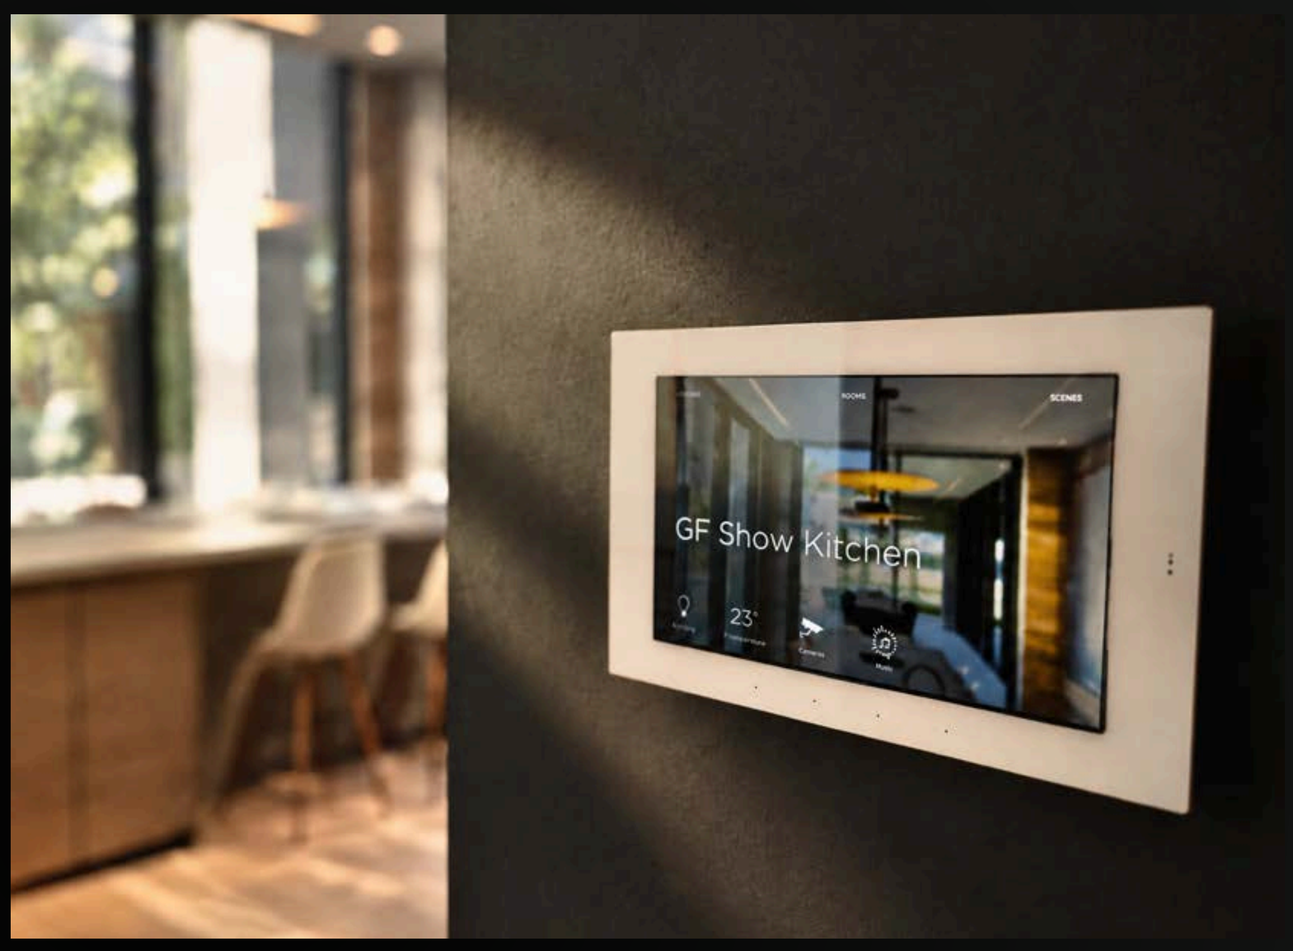

Home Automation

Experience the future of living with bespoke home automation in Dubai and across the UAE. We create intelligent homes where lighting, climate, audio, security and entertainment respond seamlessly to your lifestyle controlled by voice, app, keypad or touch panel.

- Fully integrated control of lighting, music, HVAC and shading
- Native compatibility with Savant, Crestron, KNX, Lutron, Dynalite and Control4
- Voice, app, keypad or touch panel control throughout the property
- Custom solutions for new builds, renovations and retrofits
- Structured panels, labelled terminations and documented programming

CONTROL4

Designed to Match Every Interior

Enhance your home with elegant, intelligent keypads that combine luxury design with effortless control. Our premium keypad collection is available in a wide range of finishes to perfectly complement modern, classic, and contemporary interiors.

Home Cinema

Experience Cinema Without Leaving Home

Transform your living space into a private cinematic retreat with LuxSmart Automation. We design and integrate bespoke home cinema solutions that deliver exceptional picture quality, immersive surround sound, and effortless control all tailored to your lifestyle and interior.

Whether you're enjoying the latest blockbuster, watching live sports, or streaming your favourite series, every moment is elevated with professional-grade performance and luxurious comfort.

Home Cinema

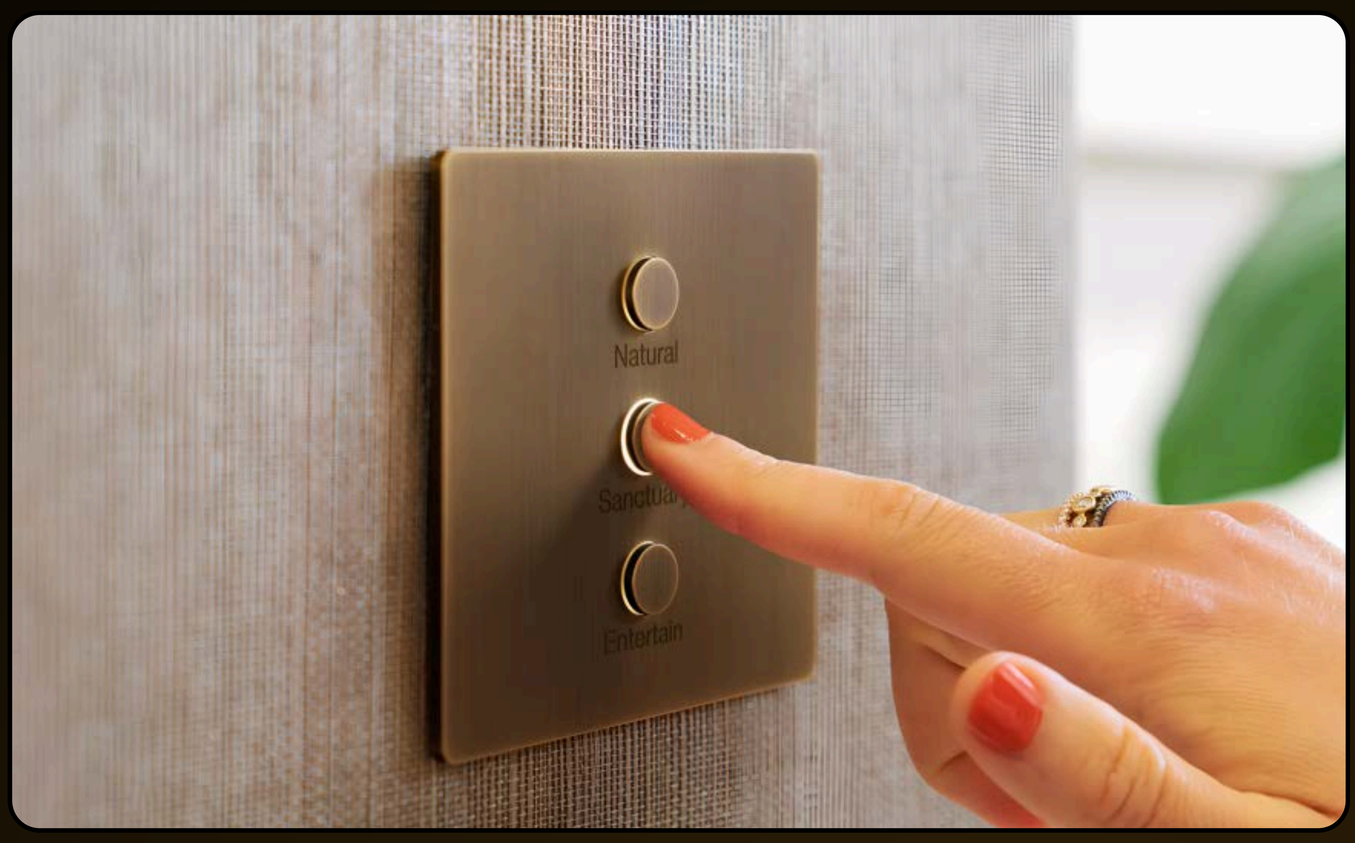

Premium Features

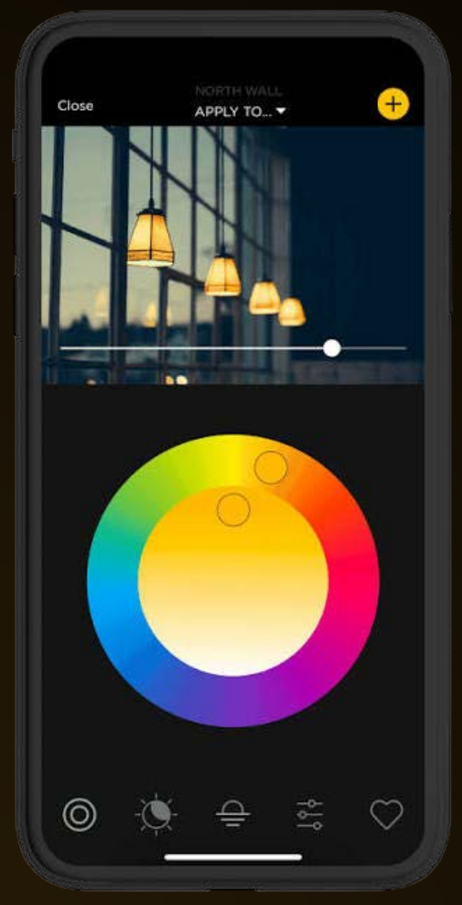

Experience stunning 4K laser projection with exceptional brightness and contrast, immersive Dolby Atmos® surround sound, and professional acoustic optimisation tailored to your room's dimensions and finishes. Every element screen, seating, lighting and climate is programmed to respond to a single app or one universal remote, so your cinema is ready the moment you sit down.

Lighting Control

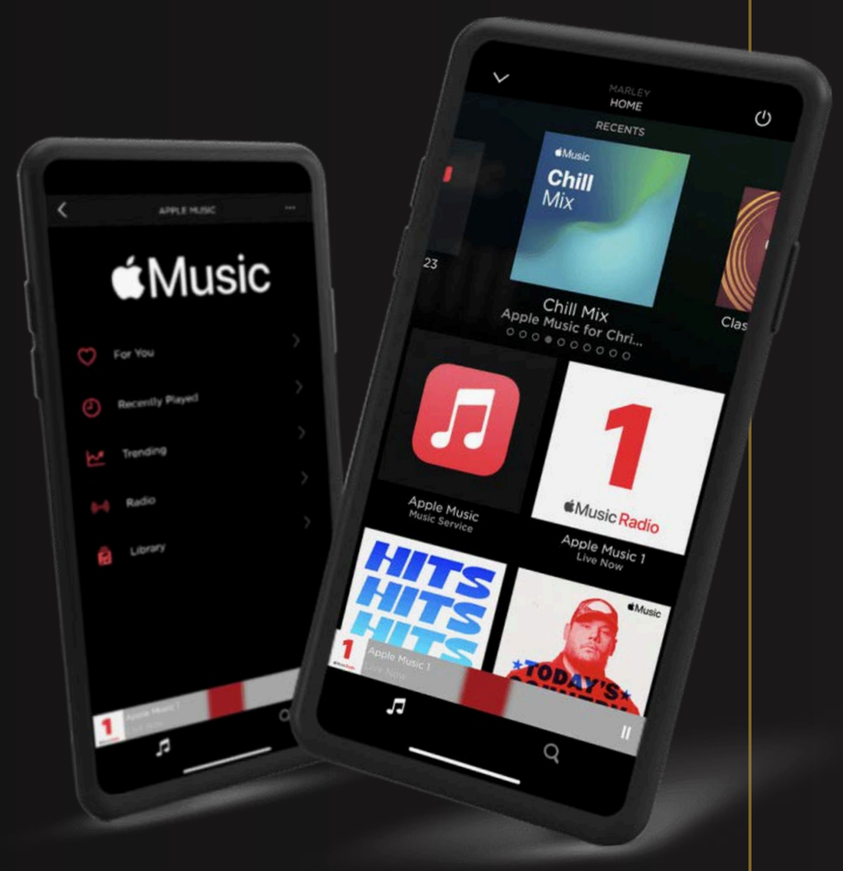

Effortless illumination, complete control.
Manage your villa’s lighting through wall keypads, touchscreens, your smartphone or voice.

Personalised scenes — Welcome, Relax, Movie, Good Night — activate with a single touch.
Scheduled automation manages daily routines: garden lights illuminate at 7:00 PM and fade at 10:00 PM.
Motion sensors switch lights on upon entry and off when spaces are vacant, optimising energy efficiency.

Multi-Room Audio & Video

Enjoy your favourite music, movies, and TV shows in every room with a seamlessly integrated audio and video system. Whether you're entertaining guests or relaxing at home, LuxSmart Automation lets you stream content throughout your home with exceptional sound and crystal-clear picture quality.

Control every speaker and TV from a single app or remote. Play the same music throughout the house, create different zones for each room, or switch effortlessly between entertainment sources all with simple, intuitive control.

Network & Security

A fast, reliable, and secure network is the backbone of every smart home. LuxSmart Automation designs high-performance Wi-Fi and networking solutions that keep every device connected, ensuring smooth streaming, video calls, smart automation, and uninterrupted performance throughout your home.

Protect your home and personal data with advanced network security. From secure remote access and firewall protection to continuous network monitoring, we help safeguard your connected devices while giving you complete control.

Marine Automation

Experience the ultimate in comfort, control, and convenience on the water with LuxSmart Automation. We create advanced marine automation solutions that bring smart technology to yachts and boats, allowing you to manage lighting, entertainment, climate, security, and onboard systems with ease.

Enhance your time on the water with premium marine audio and video solutions from LuxSmart Automation. Designed for yachts and boats, our weatherproof speakers and distributed entertainment systems deliver powerful sound and seamless video performance in marine environments.
